We ask all participants, except the individual speaking, to
DISACTIVATE THEIR MICROPHONES

to ensure that the conference audio works properly and facilitate the work of the interpreters

Thank you for your cooperation

You need to follow the following simple steps in order to listen to the **translation** during the conference:

- Move the mouse to the **instrument panel** at the bottom:
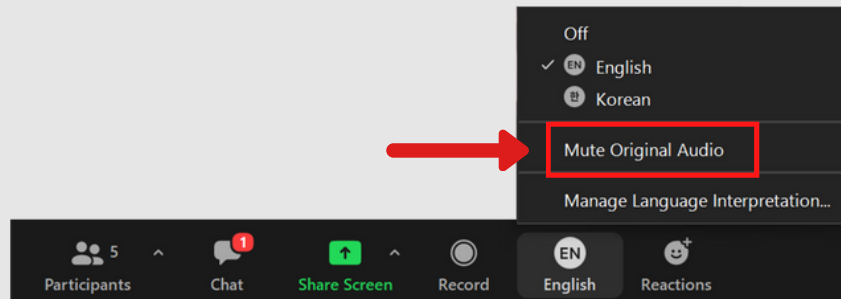

- Click on the **"interpretation"** icon:

- Select the desired language from the menu that pops-up:

    English to listen to ***English***
    Italian to listen to ***Italian***

- The language selection menu also has a "*mute original audio"* option:

- By activating or disactivating this function you have the possibility to **only listen to the interpreter** or to listen to **the speaker and the interpreter simultaneously**

- By selecting the **OFF** button you can follow the conference in the original language without any interpretation:
